

### **Patient Notice Regarding Physicians Who May Be Out-of-Network**

The Surgeons, anesthesiologists, radiologists, pathologists and certain other healthcare providers that you may receive treatment at East Memphis Surgery Center are not employed by East Memphis Surgery Center. The services provided to you by these providers will be billed to you separately. These providers may be out-of-network with your insurer and, therefore, not participate in your insurance network.

If you receive treatment from a healthcare provider at East Memphis Surgery Center who is not in your insurance network, you will be billed out-of-network charges by that provider, which such charges are typically higher than in-network charges.

To avoid being billed out-of-network charges, before receiving services, you should ask East Memphis Surgery Center if you will be provided any medical services by healthcare providers who are not in your insurance network and also check with your insurance carrier to confirm if your providers are in-network.

East Memphis Surgery is contracted with the following physicians and/or physician groups to provide the following services, some of which may be out-of-network:
